

New Zealand is currently at Alert Level 4

26<sup>th</sup> March 2020

Following the Government announcement New Zealand is now at Level 4 Alert Period regarding the COVID-19 outbreak. We would like to advise ATS Pneumatics is still operational from home offices we have set up to help keep our essential services operating. This is a dynamic and changing situation and we are adapting to the government requirements which are changing, being clarified regularly

## **CONTACT**

ATS Pneumatics can still be contacted on the usual **phone number 03 377 4796** as well as email [sales@atspneumatics.co.nz](mailto:sales@atspneumatics.co.nz) during this Lockdown period for all essential services requirements only.

## **SUPPORT**

With the recent move over the Christmas break into our new and larger premises located at 125A Waterloo Rd, Hornby, Christchurch, we now carry more stock than we ever have had in the past 10 years of serving our customers. Because of this we are more set up to supply our essential services through this period and also be ready

for operation as usual, when all business is back to normal. We are still able to use Courier company's services for transportation of essential services requirements.

We are still in contact with all our suppliers from around New Zealand and the globe and have their support as well through this Lockdown period

## **SERVICING**

ATS Pneumatics still is able to provide a service and repair of pneumatic breakdowns as required for all deemed essential services.

Our inhouse pneumatic cylinder manufacturing is also available for all essential services.

However, with this type of onsite work we both, our customers and ourselves must do all possible to maintain limited and safe contact as instructed by the New Zealand Health Authority.

Stay safe New Zealand, do you part as we are doing our part.

Regards

The Team of ATS PNEUMATICS LTD
